

PROVIDER ALERT

OMS DATAMART DEMONSTRATION

MAY 1, 2017

For providers new to the Public Behavioral Health System (PBHS) or those with new staff, the Behavioral Health Administration (BHA) and Systems Evaluation Center at the University of Maryland (SEC), in conjunction with Beacon Health Options (BHO), will conduct a series of webinars to assist behavioral health providers in “Navigating the Outcomes Measurement System (OMS) Datamart”. The first webinar will be held on Tuesday, May 23 at 1:00 PM. The webinar will be repeated for those unable to attend the first session on Thursday, June 1 at 10:00 AM.

This is the second in a series of OMS webinars that will be continued in the coming months. The first in this series of webinars, “How to Administer the OMS Interview”, was held earlier this year. Additional webinars that will assist administrators and providers in using OMS data are being planned for the near future. We look forward to your participation in the upcoming OMS webinars.
