

PROVIDER ALERT

PROBLEM GAMBLING SERVICES WILL TRANSITION TO BEACON HEALTH OPTIONS FEE-FOR-SERVICES EFFECTIVE JANUARY 1, 2018

DECEMBER 14, 2017

Effective January 1, 2018, Beacon Health Options will be taking over the management of problem gambling services, previously managed by Behavioral Health Systems Baltimore (BHS-B). There will be an initial soft launch of this program, where providers will complete a gambling questionnaire and be reimbursed for new services. Beacon, in collaboration with our state partners, will be working through December and January to train providers on how to utilize the new gambling workflows and submit their claims.

Beacon will also be hosting a webinar to review the authorization and claims processes on December 28th from 10:00—11:30am. Providers that are interested in attending this training should register below:

1) To Register:

<https://beaconhealthoptions.webex.com/beaconhealthoptions/k2/j.php?MTID=tf818ca225b60d8809a4bb704ac067bf8>.

2) You will then be prompted to enter registration information.

3) A confirmation email with both the call in number and webinar instructions will be emailed to you after you successfully registered.
